## FULL-STACK SOFTWARE ENGINEER | FULL-STACK WEB DEVELOPER

### PROFESSIONAL SUMMARY

Senior Full-Stack Web Developer with five years of experience, excelling in collaborative and team-oriented environments. Skilled in front-end technologies like ReactJS and Tailwind CSS, along with TypeScript for both front-end and back-end development, as well as SQL and NoSQL databases. Outgoing and adaptable, builds strong relationships, communicates effectively, and drives alignment on goals. With a big-picture mindset and a focus on teamwork, thrives in dynamic settings, learning quickly and promoting cooperation.

### AREAS OF EXPERTISE

• JavaScript	• CSS	• HTML	• Tailwind	• TypeScript	• NodeJS	• MongoDB
• ExpressJS	• Mongoose	• PostgreSQL	• Python	• Java	• C#	• Lua
• NestJS	• ReactJS	• VueJS	• Redux	• Redux Toolkit	• CI/CD Pipelines	• GitHub Actions
• MatLab	• Markdown	• Git	• Kanban	• Jira	• Trello	• SCRUM
• React Native	• NextJS	• Android	• iOS	• Bitbucket	• PWA	• Sass

### CAREER HIGHLIGHTS

**Led a team of 12 junior developers** to successfully complete a high-priority project on time, ensuring timely delivery and meeting client expectations. **Single-handedly migrated a web app to mobile**, overseeing the entire process and ensuring a seamless transition while maintaining app performance and user experience. **Led the development of a cross-functional feature** across multiple teams, serving as the lead on my team and ensuring efficient collaboration and successful feature delivery.

### PROFESSIONAL EXPERIENCE

**FULL-TIME SENIOR FULL-STACK ENGINEER**, Baires Dev, *Barranquilla, COL* | April 2025 - To Date
